October 19, 2026
at **NAIT** in Edmonton

TIME	WEDNESDAY OCTOBER 21 - MERCREDI 21 OCTOBRE			
	TRADESHOW HALL	MAIN CONFERENCE ROOM PIC 122	SECOND CONFERENCE ROOM PIC 232	THIRD CONFERENCE ROOM PIC 234
07:00	Déjeuner Breakfast	Déjeuner Breakfast	Déjeuner Breakfast	Déjeuner Breakfast
07:15				
07:30				
07:45				
08:00				
08:15	Salon des exposants Trade Show	Opening remarks by GURWINDER BHAMBRA CMVA Prairie Chapter President		
08:30		Technology in Trades: an overview of emerging and exciting technology-driven careers STEPHEN MCMILLAN, NAIT KEYNOTE SPEAKER		
08:45				
09:00				
09:15				
09:30	Salon des exposants Trade Show	An AI Agent for Autonomous Bearing Condition Monitoring and Predictive Maintenance MOHAMMADALI SADAGHIAN University of Manitoba	Case study of a Steam Turbine Generator GARY ZHANG, Baker Hughes	NSI Clamp-On Bracing: A Cost-Effective In-House Vibration-induced Fatigue Mitigation Solution for Threaded Small-Bore Connections (SBCs) HUSSAM TAWFIK, Next Structural Integrity
09:45		Pause-santé Coffee break	Pause-santé Coffee break	Pause-santé Coffee break
10:00				
10:15		Intergrating Yesterdays Vibration Program into current Reliability Programs: 7 Key Considerations to Unlock Success MIKE GREER & JOE JO, Spartan Controls	PdM 4.0 wireless vibration sensors JOSE RABELL, SDT Ultrasound	
10:30				
10:45				
11:00				
11:15		Salon des exposants Trade Show	Dîner Lunch	Dîner Lunch
11:30				
11:45				
12:00	Superhearing* - We started by looking at machine vibration. We ended up learning to listen to it. DR IAN MELHADO, Primac		Upper Guide Bearing Housing Vibration of a 350 MW Hydro Generator MAXIME CASAVANT, Hydro-Québec	
12:15			From Portable Tester and Permanently Installed Ecosystem for Electric Motor Testing HEBERT LIBREROS, PdMA	From Online Condition Monitoring to Predictive Maintenance Decisions:An offshore drilling case study LETICIA GOMES MATHIAS NETTO LIMA, The Constellation
12:30				
12:45			Pause-santé Coffee break	Pause-santé Coffee break
13:00				
13:15	From Resonance to Reliability – Structural Solutions for Industrial Fan Vibration MATTHEW FIRTH, NB Power	Good Vibes: An Overview of Condition Monitoring for Wind Energy TRACY DUNCAN, TransAlta ISAIAH MATTHEWS, Transalta		
13:30				
13:45				
14:00				
14:15	Salon des exposants Trade Show	Happy Hour, Student Awards & Exhibitors' Draw 5 À 7, Prix étudiants et tirage des exposants		
14:30				
14:45				
15:00				
15:15				
15:30	Salon des exposants Trade Show			
15:45				
16:00				
16:15				
16:30				
16:45				
17:00	Happy Hour, Student Awards & Exhibitors' Draw 5 À 7, Prix étudiants et tirage des exposants			
19:00
